I am enclosing answers to the questions of Senators Leahy and Kohl that you forwarded to me on July 28, 1997. The answers have been prepared as responses by all of the companies or a particular response rather than the response of only one company. Each of the responses to Senator Kennedy's questions individually and individuals to respond to those questions will be delivered today or tomorrow to you and to Senator Kennedy. I personally regret the delay that has been entailed in responding to these questions. I would have hoped that attention could have been given to the work of the Committee. Responses have not excessively complicated the work of the Committee. I hope that the cardinals of the matter is that members of the Committee have paid to this. Responses deeply appreciate.

The Honorable Orrin G. Hatch
 Chairman, Committee on the Judiciary
 United States Senate
 Washington, D.C. 20510-6375
