MAY 23, 1975

TO ALL MEMBERS OF THE SALES ORGANIZATION WHO OPERATE
IN THE STATE OF MARYLAND

The State of Maryland has passed a regulation, effective June 1, 1975, increasing the tax on cigarettes from 6 cents to 10 cents per package of 20 cigarettes.

This measure requires wholesale and retail dealers to take an inventory of all cigarettes on the effective date. Therefore, at the close of business on May 30, you are to take a complete inventory of all packages of 20s in your possession bearing Maryland state tax stamps. This inventory must be in this office before June 5 so we may remit the tax due to the state.

If your territory includes another state in addition to Maryland and you are working in that state on May 30, you should not, of course, have any Maryland taxed merchandise on hand. However, you should inform us by letter to this effect.

The quantity of 20s reported on your inventory should be multiplied by 4 cents and this amount should be deducted from your Expense Account. Our Tax Department will remit the same amount to the State of Maryland.

Beginning on the effective date, you are to sell all merchandise in your possession at the new increased prices.

Please retain this letter as proof of the fact that the new tax rate has been complied with in the event you are questioned by an agent of the State Tax Commission.
